Seating Arrangement Questions for IBPS Clerk PRE, SBI Clerk PRE & IBPS RRB.

Set No 5

Directions : Study the following information carefully and answer the questions given below.

Eight people J, K, L, M, N, O, P and Q are sitting around a circular table, facing the centre, not necessarily in the same order. O is sitting third to the right of M. There is only one person sitting between M and J. There are only three people between J and K. P is an immediate neighbour of J. There are only three people between P and L. N is second to the right of P.

1. Which of the following is true regarding the given arrangement?

- A. M is an immediate neighbour of K. B. N is an immediate neighbour of J. C. P is second to the left of O.
D. There are four people between N and O. E. None is true

2. Who is sitting second to the left of the one who is sitting second to the left of Q?

- A. M B. K C. N D. L E. J

3. Four of the following five are alike in a certain way based on their seating positions in the above arrangement and so form a group. Which does not belong to the group?

- A. PQ B. KL C. MN D. QO E. KO

4. What is N's position with respect to K?

- A. 2nd to the left B. 2nd to the right C. 3rd to the left
D. 3rd to the right E. 4th to the left

5. How many people are sitting between K and P when counted from the right side of K?

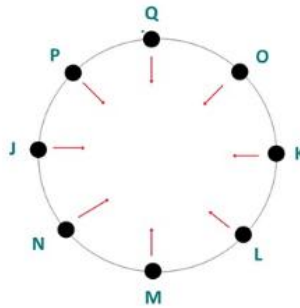

- A. One B. Two C. Three D. None E. More than three

Correct Answers:

1	2	3	4	5
B	A	E	C	B

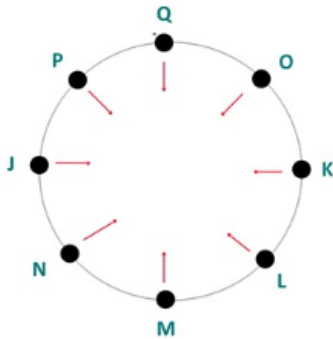

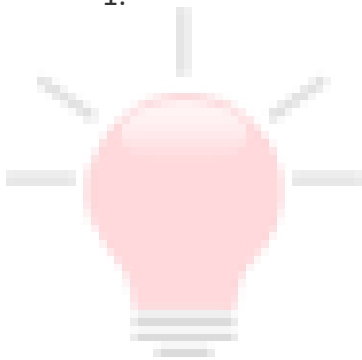

Explanations:

1. Kindly refer to the video for complete seating arrangement.

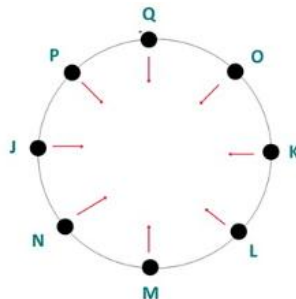

As you can see from the final diagram that N is an immediate neighbour of J. The option 'B' hence is correct.

2. Kindly refer to the video for complete seating arrangement given in the explanation part of the Q. No. 1.

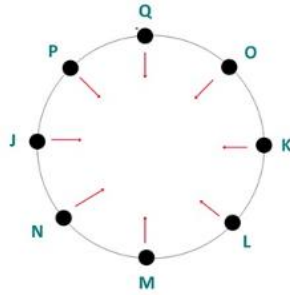

From the final diagram given above, it's evident that it's K who is sitting second to the left of Q and second to the left of K, M is sitting. Therefore, option 'A' is the correct answer.

3. Kindly refer to the video for complete seating arrangement given in the explanation part of the Q. No. 1.

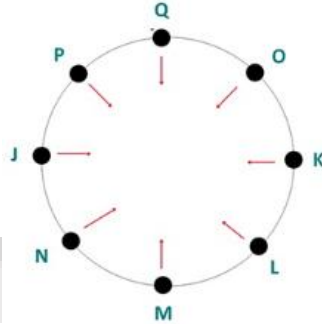

From the final diagram give above, one can clearly infer that in every given option except 'E', 2nd person is sitting immideate left to the 1st person. Therefore, option 'E' is odd one out here.

4. Kindly refer to the video for complete seating arrangement given in the explanation part of the Q. No. 1.

From the final diagram given above, one can clearly see that N is sitting 3rd to the left of K.

5. Kindly refer to the video for complete seating arrangement given in the explanation part of the Q. No. 1.

From the final diagram given above, it's evident that counting from the right of K there are only two persons O and Q sitting between K and P. The answer, hence, is option 'B'.
